

Service 28 - Great Ponton

from Monday 6th February

Due to safety concerns, we will no longer be stopping on the A1 at Great Ponton from Monday 6th February.

This is not a decision we have taken lightly, but follows an increasing number of incidents when stopping in this location, meaning that we have had to take decisive action in order to protect our drivers, our passengers and other road users.

Unfortunately, there are no alternative stops in the immediate area - the nearest stop is Little Ponton, which is approximately one mile away on foot. CallConnect also serve the village, and more information is available on the service they provide at www.lincsbus.info, or by calling 0345 234 3344.

This does not affect the 0753 (sch days)/0810 (sch hols) from Great Ponton to Grantham, or the 1538 (sch days) from Grantham to Great Ponton, which will continue to go in to the village centre via Dallygate. These journeys are also open to the public, and anyone is welcome to travel on them.

We're sorry for any inconvenience this will cause.
